Term dates

Term 4

[14 October to 19 December]

2024 Family Satisfaction Survey

Our results from this year's Family Satisfaction Survey demonstrates continued growth in parents' satisfaction with Scottsdale Primary School. Of the 35 questions we were above the state average in 32 questions and significantly above state average in 7 questions. Pleasingly Scottsdale Primary School was significantly above state average for the questions *I would recommend this school to others, I can talk with my child's teacher about my concerns, Staff at this school expect my child to do their best and My child likes being at this school.* Areas of future development are looking at ways we can continue to communicate with parents and encourage them to have a more active role in their child's education particularly in Literacy and Numeracy.

2025 Planning

We have commenced our planning and staffing for 2025. It is important if your family circumstances are changing in 2025 and your child will not be attending Scottsdale Primary School that you notify the school office. Enrolments are now being taken for Kindergarten in 2025 as well as other children who do not currently attend SPS. If you require any information, please contact the school office.

2025 Class Placement Process

Being sent home today is a form for Kindergarten to Year 5 students about class friendship requests for 2025 classes. As part of our class placement process this form provides families with the opportunity to provide information around friendships, academic and social considerations to help assist our class placement process. We are asking parents/guardians to have a conversation with your child to list three friends they would like in

their class in 2025. We do our best to accommodate requests however if there is a specific request regarding the academic and social needs of your child, please contact the school office to make an appointment to have a conversation.

Davin Broomhall
